

## 2020 Shuswap Trail Alliance AGM Report: Executive/Associate Director

Prepared by: Jen Bellhouse

Updated: Oct 15, 2020

*Weytkp – you are in Secwepemc Territory. The Shuswap Trail Alliance is the organizational body, formed in 2005, through which local and regional leadership – First Nations, Provincial, Regional, and Municipal, stewardship, industry, business, and community leadership – work together to establish the Shuswap as a united destination trail centre known for its active lifestyle, vibrant culture, natural beauty, and commitment to a sustainable environment. Each year, leadership partners throughout the region work together on diverse projects toward this vision leaning on the Shuswap Trail Alliance for support. It is a vision driven by values at the core of which is the idea of weaving it green (our communities and land) for generations to come in a spirit of respect, cooperation, and stewardship - often referred to as the Shuswap Trail Protocol. This protocol is based on the Secwepemc concept of Y'icwetsutce – taking care of the land – that forms the guiding foundation of the Shuswap Regional Trails Strategy.*

---

2019 was another successful season for the Shuswap Trail Alliance, trails were completed, new relationships were formed, and old ones nurtured. Although our AGM was originally scheduled for May of 2020, due to the Pandemic we had to postpone it until October. This means that we have another successful field season under our belt and we will report out on 2020 projects as well.

We saw a multitude of tangible projects completed in both 2019 and 2020 thanks to the ongoing commitment of more than 50 partner organizations, including all orders of government (Secwepemc, Provincial, Regional, Municipal), sector organizations (health, education, environment), community leadership, funding agencies, and 100s of volunteers (although volunteering looked a little different in 2020). These projects were diverse including maintenance of old trails, development of new trails, wayfinding signage, invasive weed mechanical treatments, small plans for short greenway connectors and comprehensive plans for entire sub-regions, strategic planning for improved pedestrian and cycling within our communities and complex recreational access plans for the backcountry.

**Planning highlights 2019:** The Shuswap Trail Alliance was able to support regional partners in securing funding and move planning forward in all parts of the Shuswap. Highlights included the South Canoe Trails, the Shuswap Memorial Cemetery Trails, East Shuswap Alpine, Rubberhead Mountain Bike Trails, the South Shuswap Destination Trail Plan, Lee Creek Bluffs, and the North Fork Wild Loop.

Along with the substantial work being done to develop the Sicamous-to-Armstrong Rail-Trail (see more below), we also saw a continued engagement of the West Bay Trail Corridor discussion. This initiative, championed by Neskonlith Elder and Councillor, Louis Thomas, Switzmalph Cultural Society Executive Director, Bonnie Thomas, and Adams Lake Councillor, Gina Johnny, seeks to more appropriately address the lack of adequate pedestrian/bicycle active transportation connectivity between Adams Lake,

Neskonlith, Little Shuswap Lake Bands, and the City of Salmon Arm. Support from our Provincial MLA and Federal MPs office has been notable. In early 2020 the Bands and City came together and signed a Memorandum of Understanding to work together on this important project.

**Planning Highlights 2020:** The Shuswap Trail Alliance was successful with a grant application to the BC Rural Dividend Program to support planning projects including Scatchard Mountain, the East Shuswap, Enderby/Mabel Lake area, and the District of Sicamous. This work will span into 2021.

Huge steps have been made for the West Bay Trail, and the City of Salmon Arm was successful in obtaining a \$100,000 grant from BC Rural Dividend Fund Program to start the official planning process. And we are pleased to be supporting the Salmon Arm Active Transportation Task Force.

**New trails built in 2019** included the Scatchard Mountain Rocky Road Trail (watch for the official Secwepemc name to be unveiled in 2021), extensive additions to the South Canoe Trail System, additions to Rubberhead Mountain Bike Trail System, the Larch Hills Traverse, and the White Lake Bike Park Climb Trail. Funding sponsor partners included the City of Salmon Arm, CSRD Parks, Recreation Sites and Trails BC, BC Rural Dividend Funding Program, Horse Council of BC, Backcountry Horsemen of BCs Shuswap and Okanagan Chapters, EQ Trails Association, Shuswap Cycling Club, South Canoe Trails Advisory, North Shuswap Lion's Club, and BC Timber Sales.

**New trails built in 2020** included the completion of additions to the South Canoe Trail System including Sweet Tears, Coffee Time and Upper Triangle, the Upper Slopes of the Shuswap Memorial Cemetery Park, and the North Fork Wild Historic Pack Trail Lower Loop extension. We were also delighted to support local trail efforts including the Armstrong-Spallumcheen Trail Society's work on a new trail at the Thomas Hayes Conservation Park. The Heritage Branch of the Ministry of Forests Lands and Natural Resource Operations and Rural Development, through Sun Country Community Futures, reached out to the STA for our expertise to assist with the creation of a trail system at the McAbee Fossil Beds near Cache Creek. This adds to the ongoing collaboration and consultation that we have been invited to be a part of in the province and the wider field.

**Environmental Stewardship:** The Shuswap Trail Alliance also worked on a couple of large projects this year mechanically removing Yellow Flag Iris at White Lake and along the Turner Creek Trail, in partnership with CSISS, and digging up burdock at Peter Jannink Park. Funding sponsor funders included the City of Salmon Arm, BC Rural Dividend Fund Program, TD Friends of the Environment, RBC Tech Nature, Salmon Arm Naturalists, and CSISS.

**Rail Trail Progress:** Thanks to leverage funding from the District of Sicamous and CSRD Area E, support through the BC Rural Dividend Program was awarded in 2019 to complete the development plan for the Rail Trail between Sicamous and Armstrong. The Shuswap Trail Alliance was invited by the Rail Trail owners (Splatsin, CSRD, and RDNO) to support their Rail Trail Governance and Technical Committees as project manager for the development planning phase. This has included consultations with the public, adjacent property owners, agricultural operators and the Agricultural Land Commission, businesses and industry, and the Splatsin, regional, township, and municipal communities along the rail corridor. It has also included working with a team of 12 technical sub-consultants over the last 14 months. The Development Plan with Class C costing is now ready, and the capital fund raising campaign is being

prepared to launch in earnest. For more information, visit the website at [www.shuswapnorthokanaganrailtrail.com](http://www.shuswapnorthokanaganrailtrail.com).

**Secwepemc Landmarks and Trailhead Project:** The Shuswap Trail Alliance continued to support the development of the Secwepemc Landmarks and Trailhead Signage project. The Secwepemc Landmarks project has made great strides forward, despite the pandemic, and the artists are currently working on the art installations. Agreements with both the City of Salmon Arm and the Village of Chase are in place for the installment of the main landmarks, which will be located at the Marine Peace Park in Salmon Arm and the Chase Memorial Park. A very special word of gratitude to the project coordinating team of Adams Lake Councillor Shelley Witzky, Project Coordinator Libby Chisholm, Technical advisor Sutra Brett, and the Knowledge Keepers circle of elders from the four Secwepemc lakes communities.

**Fundraising:** The annual Shuswap Trails Party and Fundraiser hosted every first Friday of February is pivotal thanks to an extraordinary volunteer planning committee and support team. This year's fundraiser raised just over \$51,000. \$35,000 of that was leveraged to secure a \$100,000 grant through the BC Rural Dividend Program to complete 3 new trails in the Shuswap in 2020/21, and a \$15,500 Canada Summer Jobs grant hiring three people who supported planning, maintenance, signage, promotional, and volunteer trail projects.

Along with the project partners who resourced projects in 2019 and 2020, the Shuswap Trail Alliance receives annual operational grants from the Columbia Shuswap Regional District Areas C, D, E, and F, the City of Salmon Arm, the District of Sicamous, the Regional District of North Okanagan Area F, and the City of Enderby. All of the afore mentioned communities signed on for another 4 years, providing contribution agreements until 2023, and the Village of Chase came aboard in 2020. These grants create an operational foundation for the Shuswap Trail Alliance ensuring stability for the organization.

**Sponsors:** In an unprecedented show of support, in early-2020 Ian Gray's Salmon Arm GM generously donated the use of two new trucks for a year. The trucks can be seen around the Shuswap, and at the trail heads, displaying the STA's and GM's logos, along with SASCU who have contributed to the maintenance of the trucks. The two trucks have been monumental in the ability to even have a field season in 2020 as COVID-19 has created many restrictions, including the number of staff that we can have in one truck. We are humbled by this generous donation that kept the STA operating with a near-normal field crew.

The Barley Station Brewpub continues to blow us away with their support of the STA with the Shuswap Trail Ale IPA. And of course all of the other sponsors that ensure we are able to operate – we could not do this without you!

(See "At a glance" and Sponsors pages below for a full acknowledgement of all our funding partners.)

**Promotion of trails** throughout the year included the design of new maps, the update of guides, trail reports, communications on closures and openings, Facebook and e-bulletin posts, news releases, and of course, the strategic efforts of Shuswap Tourism. The Salmon Arm Municipal Rural Development Tax (MRDT) – or Hotel Tax, as many know it by – provided a continued source of revenue in 2019 to support the efforts of regional partners working through Shuswap Tourism and the Shuswap Trail Alliance to promote and grow our regional trail systems. Due to the Pandemic, MRDT funds were not available in 2020, but we look forward to partnering with them again in the future.

Trail promotion in 2019 and 2020 included ongoing updates to the Shuswap Trails website as well as supporting apps like TrailForks, new geo-referenced pdf maps generated through the CSRD GIC department, and in 2019 the completion of a new mini-guide map supplement for mountain biking. 2019 included new updates to the Shuswap Trails website, as well as initiation of a Shuswap Blueways mini-guide supplement that we are hoping to have complete in time for the 2021 paddling season thanks to further funding through the Salmon Arm MRDT (Hotel Tax) program.

**Recreational Access Management:** Both 2019 and 2020 provided opportunities to continue to work on the management of recreational activities within the landscape. For the Joss-Tsuius-Mabel Mountain Alpine Recreational Access Planning process we have been working with Splatsin, Provincial, Motorized, Non-Motorized, and Industry. Discussion regarding winter management of the Gorge took place in 2020 along with discussions regarding the East Shuswap Recreational Management as a whole. In 2020 Rec Sites and Trails BC contracted the STA to facilitate a series of roundtables to guide an adaptive management plan for the Eagle Pass Lookout. The STA and Shuswap Trail Strategy continues to advocate a collaborative, structured adaptive decision-making approach that includes use of Cumulative Effects Assessment. For more background, please visit our website at [www.shuswaptrailalliance.com](http://www.shuswaptrailalliance.com).

**Shuswap Regional Trails Roundtable:** In the face of these emerging challenges, the Shuswap Regional Trails Roundtable working group and annual gathering continued to experience strong leadership commitment and attendance. A four-year commitment of funding by Secwepemc, Provincial, and Regional/Municipal partners, matching in-kind support from all the other participating organizations and leadership, and consistent facilitation support through the Fraser Basin Council, has allowed the Roundtable to continue as a forum for leadership to meet regularly together in-person for respectful, thoughtful, and values-based dialogue and sharing. The 2020 Roundtable will take place on December 2, 2020 and will be held via Zoom.

**The Shuswap Trail Alliance Board** has worked hard to keep the organization's governance and structure current and responsive to the needs of our regional partners. Highlights of the board's work over the past two years includes a review of the business plan and strategic consideration of the upcoming 5-year period with a specific eye on how best to structure the organization to support legacy projects like the Sicamous-to-Armstrong Rail-Trail. This included creating, and recruiting for, the Associate Director position. The Associate Director has been brought on board to assist with the day-to-day management of the organization, as well assist with creating sustainability for future years, as the Executive Director continues to focus the majority of his time and energy moving the Rail Trail forward. As well, policy considerations, improved regional representation, growth of the Legacy Fund, new opportunities for long-term financial stability, capital equipment replacements, and HR support for the management team and annual trail crews continue to drive the monthly board agenda and working sub-committees.

**2021 priorities** for the Shuswap Trail Alliance include completion of 5 new trails throughout the region in Chase, Larch Hills, and East Shuswap thanks to another BC Rural Dividend Program grant; continuation of the Sicamous-to-Armstrong Rail-Trail capital development; support for the Secwepemc Landmarks and Trailhead Sign project; community consultations, Secwepemc direction, and finalization of drafts for the South Shuswap Destination Trail plan; further work toward an East Shuswap Alpine Recreational Access Management plan; support for the West Bay Trail Corridor consultations and planning; support for a renewed comprehensive management plan for the Kela7scen (Mt Ida) area with Secwepemc leadership and the Province; continued partnership with CSISS for the mechanical treatment of invasive

species in the Shuswap; and referral for approval of new trail plans at Glenemma and Lee Creek. Plus of course, support for ongoing trail maintenance and care!

Watch for the Shuswap Blueways Paddle Trail Supplement in 2021. The summer team will also support ongoing environmental stewardship efforts through our partnership with the Columbia Shuswap Invasive Species Society, SABNES, and the Shuswap Regional Trails Roundtable. Trail screening and adaptive planning will continue as a formative part of our trail planning process, and we will persist with advocacy for a more collaborative structured decision-making approach to land management that includes Cumulative Effects Assessments.

**Acknowledgements:** Please join in a very big expression of gratitude to the Shuswap Trail Alliance management team who thread the needle with all the partners and projects on the day-to-day level, – Lori Schneider Wood (Executive Coordinator of Business Operations and Stewardship Support), Adrian Bostock (Project Operations Manager and Stewardship), James Eagan (Bookkeeper), Sutra Brett (Technical Trail Specialist, Planning and Projects), Phil McIntyre-Paul (Executive Director) and myself (Jen Bellhouse, Associate Director). We were joined in 2019 and 2020 by a determined and field-smart trail project crew, and also welcomed Libby Chisholm to the team as project coordinator for the Secwepemc Landmarks and Trailhead Sign Project, and Tracy Lundberg-Schimpf and Mary Scheidegger as project assistant for the Shuswap North Okanagan Rail Trail between Sicamous and Armstrong

As well, we were blessed with contract support for various projects from talented professionals including Sylvia McMahon, Erica Lahoda, and Jeremy Ayotte, and a host of local vendors, contractors, consultants, and businesses. Sylvia McMahon also provides volunteer assistance to Lori in the office on membership and volunteer tracking. And three other volunteers of note – D’Arcy MacLeod (Facebook Manager) and Glen Pilling (Trail Report Manager), who has since passed on the torch to Alex de Chantal – help to keep the information flowing in and out. And of course, there’s the board, the sub-committees, and the annual fundraising team who contribute their time, talents, and wisdom! Together, the management team, trail crew, board, sub-committees, contractors, vendors, and volunteers support and complement the work of all the community leadership, volunteers and partners tirelessly making Shuswap trails happen.

Sincere acknowledgement also needs to go to the lead jurisdictional partners, land managers, and staff who form the wider circle of leadership that drives the Shuswap Trail story forward – Secwepemc band departments, Recreation Sites and Trails BC, BC Parks, CSRD Areas C/D/E/F (including Parks, Tourism, and GIS), RDNO Area F, Salmon Arm, Sicamous, Enderby, Chase, and - we’re excited to be growing the relationship to include - Armstrong, Spallumcheen, and the wider RDNO/North Okanagan governments as we work together to realize the Sicamous-to-Armstrong Rail-Trail.

And finally – to the trail stewards – the organizations and volunteers and community leaders who walk, ride, paddle, roll, and slide their way through the landscape caring for the trails and pathways that allow us to be present in the land, move through our communities, and connect with each other – this story of collaboration is a team effort and only as good as the remarkable commitment each of you make every day. While we know there’s much more journey ahead, please celebrate the distance we’ve come.

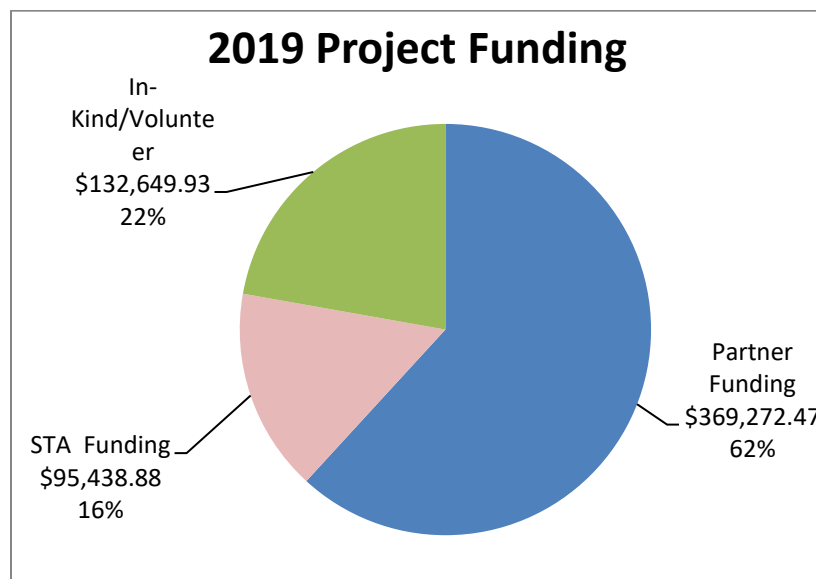

Thank you to everyone who is working so hard to make the Shuswap a healthier, more connected, more just place to live. **Kukstemic (thank you).**

## 2019 At-a-Glance. . .

### Leveraged Project Funding and Resource Partners in 2019. . .

- ✓ BC Parks – Parks Enhancement Fund
- ✓ BC Rural Dividend Program (MFLNRO)
- ✓ BC Timber Sales
- ✓ Backcountry Horsemen of BC – Shuswap & North Ok.
- ✓ Bike-for-Your-Life
- ✓ Canada Summer Jobs
- ✓ Community Fundraising
- ✓ CSRD Parks Area C, D, E, F
- ✓ City of Salmon Arm
- ✓ City of Enderby/RDNO Area F Parks
- ✓ Columbia Shuswap Invasive Species Soc.
- ✓ District of Sicamous
- ✓ EQ Trails Association
- ✓ Horse Council of BC
- ✓ North Shuswap Lions Club
- ✓ Recreation Sites and Trails BC
- ✓ Salmon Arm MRDT Funding (Hotel Tax)
- ✓ Shuswap Bike Club
- ✓ Shuswap Community Foundation
- ✓ Shuswap Naturalist Club
- ✓ Shuswap Lady Striders
- ✓ Shuswap Tourism
- ✓ Village of Chase
- ✓ Community Fundraising
- ✓ Volunteers & In-kind

**Total Leveraged Value in 2019: \$597,361**

Conservation/Access Management Projects	5	

Since 2006, regional partners working through the Shuswap Trail Alliance have completed. . .

- ✓ Over 380 greenway trail projects together (plans, projects, repair, promotion, programs)
- ✓ 11 signature trail systems, over 135 regional trails, in all seven sub-regional areas
- ✓ 143 km of new trails valued over \$2.5 million
- ✓ Over 1812 trail signs, 6200 blazes, 26 trailhead kiosks, 1 trail report hotline
- ✓ Emerging four-season trail based marketing (trail guide, website, Facebook, maps. . .)
- ✓ \$5,457,000+ in leveraged cash/in-kind investment

**2020 – 2023 Strategic Priorities:**

- **2021 Priorities.** . . currently 75 active projects with targets in all sub-regions of the Shuswap:
  - Advance Regional Trail Strategy, Roundtable, and Access Management Priorities
  - Facilitate inter-jurisdictional development of the Sicamous – Armstrong Rail Trail
  - Support the Secwepemc Landmarks and Trailhead Sign project
  - Complete the 2020 Shuswap Trail Infrastructure Projects (3 new trails)
  - Complete the South Shuswap Destination Trail Concept Plan
  - Complete new blueways paddle trail supplement
  - Maintain annual trail maintenance schedule & trail reporting system
  - Support volunteer trail stewardship, engagement, and training
  - Continue ongoing trail planning & capital project targets with regional partners
  
- **2020 – 2023 Strategic Priorities:**
  - *Facilitate Regional Trails Roundtable* – includes motorized and non-motorized reps
  - *Protect Secwepemc Values*
  - *Take Care of the land (Y'icwetsutce)*
  - *Expand Structured Adaptive Planning*
  - *Implement Access Management Priorities*
  - *Maintain and build Community Trails*
  - *Grow the Volunteer Trail Stewardship Program* and Local Trail Advisories
  - *Support Active Transportation Plans*
  - *Advance Community-to-Community Trail Connectors (West Bay, Rail Trail)*
  - *Support Secwepemc Landmarks*

**Again, thank you** – to everyone working together to grow the Shuswap Trails vision and legacy and make our communities healthier places to live, work, and play. To support the ongoing Shuswap Trails efforts consider making a donation, contributing to the legacy endowment, or coming out to a volunteer trail day. For more visit [www.shuswaptrails.com](http://www.shuswaptrails.com).

All Shuswap Trails are within the traditional territory of the Secwepemc First Nation.

The Shuswap Trail Alliance acknowledges the collaborative work and support of its Milestone Funding Partners (below), plus the over 250 regional agencies, stewardship and recreational organizations, Secwepemc, municipal/regional, and provincial government partners, regional businesses, and the hundreds of individuals and volunteers from around the Shuswap who are tirelessly making our communities healthier places to live.
