

What's your vision for communities in the Shuswap?

Research shows the more physical separation is provided for bicycles, rider comfort increases and results in significant increases in bicycle use, particularly by children and seniors. How might your community apply these findings?

Least Separation

Signed Routes (No Pavement Markings)

A roadway designated as a preferred route for bicycles.

Where could we benefit from improved bicycle infrastructure?

Communities throughout the Shuswap are working with the Shuswap Trail Alliance and other community partners to consider ways we can improve bicycle connectivity. Could you see some of the examples here used in your community?

Signed Routes (no pavement markings)? Yes No
If yes, where?

Can you show us on a map?
(Use Google Maps or Google Earth and send us some location ideas to info@shuswaptrails.com)

Shared Lane Markings

A shared roadway with pavement markings providing wayfinding guidance to bicyclists and alerting drivers that bicyclists are likely to be operating in mixed traffic.

Shared Lane Markings? Yes No
If yes, where?

Can you show us on a map?
(Use Google Maps or Google Earth and send us some location ideas to info@shuswaptrails.com)

On-Street Bike Lanes

An on-road bicycle facility designated by striping, signing, and pavement markings.

On-Street Bike Lanes? Yes No
If yes, where?

Can you show us on a map?
(Use Google Maps or Google Earth and send us some location ideas to info@shuswaptrails.com)

On-Street Buffered Bike Lanes

Bike lanes with a painted buffer increase lateral separation between bicyclists and motor vehicles.

On-Street Buffered Bike Lanes? Yes No
If yes, where?

Can you show us on a map?
(Use Google Maps or Google Earth and send us some location ideas to info@shuswaptrails.com)

Separated Bike Lanes

A separated bike lane is an exclusive facility for bicyclists that is located within or directly adjacent to the roadway and that is physically separated from motor vehicle traffic with a vertical element.

Separated Bike Lanes? Yes No
If yes, where?

Can you show us on a map?
(Use Google Maps or Google Earth and send us some location ideas to info@shuswaptrails.com)

Off Street Trails / Sidepaths

Bicycle facilities physically separated from traffic, but intended for shared use by a variety of groups, including pedestrians, bicyclists, and joggers.

Off Street Trails/Sidepaths? Yes No
If yes, where?

Can you show us on a map?
(Use Google Maps or Google Earth and send us some location ideas to info@shuswaptrails.com)
